Requirements for Direct Shipments of Wines to Louisiana Consumers

For the purposes of making direct shipments of wines into Louisiana, below are the applicable definitions as found in Louisiana Revised Statutes, Title 26:

“Manufacturer” means any person, other than a wine producer, who personally or through any agent, engages in the making, blending, rectifying, or processing of any alcoholic beverage in Louisiana; engages in the making, blending, rectifying, or processing of any alcoholic beverage outside of Louisiana for sale in Louisiana; or engages in the business of supplying alcoholic beverages to licensed wholesale dealers in Louisiana.

“Retail dealer” means every person who offers for sale, exposes for sale, has in his possession for sale or distribution, or sells alcoholic beverages in any quantity to persons other than licensed wholesale or retail dealers.

“Wine producer” means any person who, directly or indirectly, personally or through any agency, cultivates and grows grapes, fruits, berries, honey, or vegetables from which wine of an alcoholic content in excess of six percent by volume is produced and bottled from a fermentation of such grapes, fruits, berries, honey, or vegetables in Louisiana or outside the state for shipments to licensed wholesale dealers within the state subject to the provisions of R.S. 26:364.

In order to direct ship sparkling wines or still wines to Louisiana consumers, **ALL** of the following conditions must be met:

1. The seller or shipper who is a wine producer or manufacturer must not be a party to any direct or indirect agreement with a Louisiana wholesale dealer that grants the wholesale dealer the right to purchase and sell the same brand of sparkling wine or still wine produced by the wine producer or manufacturer that is to be shipped direct to the consumer. This prohibition does not include any sale of sparkling wine or still wine if the sale is perfected when the Louisiana consumer is physically present on the premises of the wine producer or manufacturer and completed by shipment to the consumer in Louisiana, or when the wine bears a properly registered label that is not assigned by the wine producer or manufacturer to a wholesaler licensed in Louisiana for sale by such wholesaler.
2. The required annual fee must have been paid, and written authorization to make direct shipments must have been granted by the Louisiana Department of Revenue **prior** to selling or shipping any wine to a consumer in the state of Louisiana. The seller or shipper must also apply for an annual permit with the Office of Alcohol and Tobacco Control (www.atc.la.gov), and the required annual fee must be paid **prior** to making direct shipments of sparkling wine and still wine.
3. The wine producer, manufacturer, or retailer making direct shipments to Louisiana consumers must hold a valid license issued by its state of domicile. A copy of that license must be provided with this application.
4. The sparkling wine or still wine must be for the consumer’s personal consumption.
5. The consumer must be 21 years of age or older.
6. All packages in which sparkling wine or still wine is shipped must be received by a person 21 years of age or older.
7. The total amount of sparkling wine or still wine shipped to a single household address must not exceed one hundred forty-four (144) 750-milliliter bottles per calendar year per adult person at the household address.
8. The package in which the sparkling wine or still wine is shipped must be prominently labeled as containing beverage alcohol.
9. Each package in which the sparkling wine or still wine is shipped must contain an invoice indicating the date of shipment, and it must give a full and complete description of all items included in the shipment, including price.
10. All excise and sales and use taxes imposed by the State of Louisiana on sparkling wine or still wine shipped direct to Louisiana consumers must be paid by a company check drawn on an account in the name of the permit holder and remitted with the required return. Alternatively, payment may be made by electronic funds transfer at the time of the filing of the required return.

Those authorized to make direct shipments to Louisiana consumers must file and report the quantity and type of products shipped within the month and remit the applicable taxes on or before the 20th of the following month. Copies of the invoices should be retained by the authorized party for inspection by LDR upon request.
