**Collection Fee
(LAC 61:III.3101)**

Under the authority of R.S. 47:1511 and 1676, and in accordance with the Administrative Procedure Act, R.S. 49:950 et seq., the Department of Revenue, Policy Services Division, gives notice that rulemaking procedures have been initiated to propose to adopt LAC 61:III.3101.

Louisiana Revised Statutes 47:1676(C)(2)(a) provides that agencies that do not have a collection contract with the Attorney General’s Office for the collection of delinquent debts shall refer all final delinquent debt to the Office of Debt Recovery (“Office”) for collection. Referring agencies must include data and information in the required format necessary to institute collection procedures. All delinquent debts shall be authenticated by the referring agency or officer prior to being referred to the office. Once the debt becomes final, and prior to referral to the office, the referring agency shall notify the debtor that failure to pay the debt in full within sixty days shall subject the debt to the office’s collection fee. The office’s collection fee is in addition to the collection fees already included in the delinquent debt by the referring agency. Louisiana Revised Statutes 47:1676(E) mandates that the office charge the debtor a fee not to exceed twenty-five percent of the total liability of the final debt. The fee is to become effective on January 1, 2024. Debtors whose final delinquent debt has been referred to the office on or after January 1, 2024 will be assessed a fee equal to fifteen percent of the final delinquent debt.

**FISCAL AND ECONOMIC IMPACT STATEMENT
FOR ADMINISTRATIVE RULES
RULE TITLE: Collection Fee**

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)

The proposed rule will increase state costs by approximately \$100,000 SGR in FY24 for IT related expenses. Current law provides that agencies that do not have a collection contract with the Attorney General’s Office shall refer all final delinquent debt to the Office of Debt Recovery (Office) for collection. To cover the costs of collection the statute mandates the assessment of a fee not to exceed 25percent of the final debt. The proposed rule establishes that the fee to be assessed will be 15percent of the final debt, which is a decrease from the current fee of 25percent. The agency currently has sufficient funds to implement the proposed rule.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

Per the fiscal note on HB 422 of the 2023 Regular Session, the proposed rule is estimated to decrease revenue collections in the Office by an estimate of \$4 M in FY24 and continue to decrease self-generated funds in the subsequent fiscal years by an indeterminable amount. Because the Department of Revenue reverts excess self-generated revenues, the reduction in the fee from 25percent to 15percent is anticipated to decrease the amount of the state general fund in FY 24 by a corresponding amount. However, the Office intends to recover some of the

funds by increasing the base of collections by adding other agencies to those for whom debts are to be collected and offering new additional payment methods for debts, including the use of credit cards. This may mitigate a portion or all of the fee decrease.

During FY22, the Office collected \$53.4 million of debt owed to state agencies and local governments, which included self-generated revenue of \$9.9 million in fees. Changing the collection fee from 25percent to 15percent will result in a reduction in self-generated funds by an indeterminable amount. However, for illustration purposes, if the maximum fee in FY22 were reduced from 25percent to 15percent, self-generated funds would decrease from \$9.9 million to \$6.0 million. The amount of fees collected is dependent upon the amount of debts collected and this fluctuates with the existing economic impacts to the debtor. An estimate based on a flat growth is used for FY24 to arrive at a \$4 M reduction in self-generated revenues. The reduction in the amount of the fee will reduce the Office’s self-generated revenue, while still providing a sufficient amount for operation of the Office.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS, SMALL BUSINESSES OR NONGOVERNMENTAL GROUPS (Summary)

Persons indebted to state agencies and local governments will be directly affected by the proposed action. The final amount owed by referred debtors will decrease by a corresponding amount of the fee reduction.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

There is no anticipated or foreseen impact on competition or employment.
