**July 15, 2020**  
**Administrative**

**Administrative Extensions for Tax Returns and Payments Due July 15, 2020**

On July 15, 2020, network connectivity issues impacted the Louisiana Department of Revenue's (the "Department") website, including all applications on the Louisiana Taxpayer Access Point portal, including Louisiana File Online, the Frontline Workers COVID-19 Hazard Pay Rebate Program Online Application, and other tax filing and payment applications.

The Department is granting filing and payment extensions for all tax returns and payments due on July 15, 2020, until July 17, 2020. This filing and/or payment extension includes income and franchise tax returns and payments, Louisiana withholding (L-1) payments for those paying on a semi-monthly frequency, high alcoholic content beverage tax returns and payments, and motor fuels licensed importers tax returns and payments.

The extensions are automatic and taxpayers are not required to file an extension request. Additionally, no penalties or interest will be assessed provided that the return and payment are submitted to the Department by the extension date.

As provided above, the filing and payment deadline for income and franchise tax returns has been administratively extended to July 17, 2020. If a taxpayer (individual, corporation, fiduciary, or partnership) requires additional time to file the return, an extension request may be submitted on the applicable extension form based on the tax type. The extension period shall run from July 18, 2020, to the general extension date of November 15, 2020 for individual, fiduciary, and partnership returns and December 15, 2020, for corporation returns.
