2021 Identity Protection PIN (IP PIN) Opt-in Program
What is an IP PIN?

• Identity Protection PIN (IP PIN) is a six-digit number
• Assigned to eligible taxpayers
• Helps the IRS verify a taxpayer’s identity
• Prevents someone else from filing a tax return with your SSN
• You get a new IP PIN every year
Who is eligible to get an IP PIN?

- IP PINs started in 2011
- IP PINs were reserved for confirmed victims on tax related ID theft
- In 2014, residents in certain states were invited to opt-in to getting an IP PIN
- As of mid-January 2021, all taxpayers can apply for an IP PIN
- Review the process at www.IRS.gov/IPPIN
Options to get an IP PIN

- “Get an IP PIN” tool at IRS.gov
- If you cannot verify online:
  - Use Form 15227 if your adjusted gross income is $72,000 or less
  - Visit a Taxpayer Assistance Center if ineligible for Form 15227 or unable to verify identity remotely.
Online Option

• “Get an IP PIN” tool
• Already have an account? Sign in with your username and password.
• No account yet? Create an account.

  - Credit card, student loan or auto loan
  - Mortgage, home equity loan, or home equity line of credit

- Learn more at [www.IRS.gov/SecureAccess](http://www.IRS.gov/SecureAccess)
Unable to authenticate your identity online?

If adjusted gross income is $72,000 or less:

• Submit Form 15227
• IRS assistor will call taxpayer to verify identity over the phone
• IP PIN will be mailed to the taxpayer for the NEXT filing season
If your adjusted gross income is more than $72,000:

- Contact the IRS for an appointment at a Taxpayer Assistance Center
- Bring two forms of identification, including one picture ID
- Once your identity is verified in person, an IP PIN will be mailed within three weeks
Do not share IP PIN

- Do not share your IP PIN with anyone but your trusted tax provider
- If you do your own taxes, enter when asked by the software product
- No one will call, email or text you to request your IP PIN
IP PIN for Confirmed Identity Theft (IDT) Victims

• The long-standing process for confirmed identity theft victims remains unchanged.

• The IRS will issue an IP PIN annually to victims via a mailed CP01A Notice.

• Victims have the option of using the Get an IP PIN tool online to retrieve their existing IP PIN should it be lost.
Role of Tax Professionals

- Taxpayers must verify their own identities and create their own accounts via Secure Access.

- Tax professionals can assist taxpayers by sharing information about the opt-in program availability.

- Publication 5367, IP PIN Opt-In Program, was created for tax pros to share with and assist clients who want an IP PIN.

- Tax professional must keep client IP PINs secure and advise clients keep secure.

[Back to Authorizations]
• After taxpayer signs and approves authorization, the IRS again checks to see if tax professional is in good standing.
• If authorization clears validation, it is posted immediately (at least within 48 hours) to the Centralized Authorization File (CAF).
• Ability to have multiple representatives per authorization:
  • Each tax professional initiates authorization from their own Tax Pro Account
  • Taxpayer must sign all authorizations on the same day.
  • Only two tax professionals can elect to receive copies of IRS notices and communications sent to taxpayer
    • If more than two tax professionals make an election, after approval of the first two authorization by the taxpayer, the remaining authorizations will not be processed.
IRS will continue to build on this initial release of Tax Pro Account to improve its features for authorization requests and, in later years, to add functionality as resources allow. Additional features requested and considered:

- Tax professional’s ability to view their authorization history, to include pending requests and statuses.
- Notification to the taxpayer regarding action in their Online Account, to include pending authorization requests.

Monitor “Returns Filed per PTIN”

Information available via online PTIN system for tax preparers who meet both of the following criteria:

- Have a professional credential or are an Annual Filing Season Program participant, and
- Have at least 50 Form 1040 series tax returns processed in the current year
A CAF number is assigned the first time you file a third-party authorization with IRS.

Review your Power of Attorney submissions annually.

Withdraw your POA for clients you no longer represent by mailing or faxing the existing POA to the IRS using the “Where to File” chart. Write “Withdraw” at the top.
To access “Returns Filed Per PTIN” information, follow these steps:

1. Log into your PTIN account

2. From the Main Menu, find “Additional Activities”

3. Under Additional Activities, select “Summary of Returns Filed.”
Summary of Returns Filed

See the chart below for the number of tax returns with your PTIN processed by the IRS this year. The data is updated weekly and includes only Form 1040 series returns processed through the date specified.

If the number is substantially higher than the number of tax returns you’ve prepared and you suspect possible misuse of your PTIN, complete Form 14157.

If the number is substantially lower than the number of tax returns you’ve prepared, you need to verify that you are entering your PTIN correctly on returns. The most common cause of this problem is the entry of an incorrect PTIN during tax preparation software setup.

Definitions:
- Processing Year: the current calendar year
- Tax Year: the tax year of the returns
- 1040s Processed: includes only 1040 series returns (1040, 1040-PR, 1040-SS, 1040A, 1040EZ, 1040EZ-T, 1040NR, and 1040NR-EZ)

51 Returns as of 5/14/2019
